

Lake City Hospital is developing as one of the most trusted destination for medical tourism because it scores high over a range of factors that determines the overall quality of care.

Lakecity Hospital

is a NABH accredited hospital and under the able guidance & leadership of a leading Urological surgeon, Dr. Nandan Pujari, LCH has taken a leap towards working with patients in synergy since 2017 to make it a preferred hospital of choice for affordable & accessible medical & surgical therapy. LCH's service has served us to be a leader in providing affordable, easily accessible & trustworthy health care that is holistic & reliable.

Around 180-200 surgeries are performed here every month. Here, endoscopic surgeries (without incisions), laparoscopy (through small punctures) and open surgeries are regularly done.

AFFORDABLE PRICES

The cost of medical services at LCH is affordable and accessible and at the same time the quality of medical care remains superior. There are favorable service packages and convenient price offers. Package discounts are available for patients, which include everything except the ticket for a plane.

HIGHEST LEVEL OF SERVICES

Patients are provided with :

- Transfer from airport.
- Accommodation at the hotel until the need for inpatient treatment.
- Accommodation of relatives for the period of treatment.
- Assistance in preparing all the necessary documents in Hindi/English with Assamese translation.
- Comfortable rooms with all conveniences.

EXPERIENCED STAFF

Lake City Hospital has an experienced medical staff and specialists who have performed thousands of surgeries. Many leading doctors have internship & work experience in Europe and the USA. Specialists in super specialty areas like Urology, Uro-Oncology, Plastic surgery, Oncology, Ano-rectal surgery (females), Onco-reconstructive surgeries, Cardiology, Radiology are known for their expert professionalism with a high recovery rate & reduced hospital stay.

The benefits of travelling here to Mumbai for Medical Treatment are Numerous,

- Accurate diagnosis.
- Accessible medical & surgical therapy at affordable costs.
- Extensive range of procedural & treatment options.
- Infrastructure and skilled manpower to perform any medical procedure with zero waiting time.

Being the financial hub of the country, Mumbai can be easily and quickly visited with direct flights from the NE region.

WHY MUMBAI (MAHARASHTRA)?

Advantages of medical treatment in Maharashtra include :

- **Cost:** Reduced costs.
- **Technology:** Being the financial capital of the country Maharashtra has the availability of latest medical technology.
- **Quality of Care:** A growing compliance on international quality standards.
- **Experienced Professionals:** Doctors trained in western countries including USA and Europe.
- **Language:** English, Marathi, Assamese, Hindi, Tamil, Telugu speaking personnel, due to which people are less likely to face language barrier in the state.
- **Fast Track Treatment:** Quick & immediate attention for surgeries and all interventions are assured without any waiting time in almost all cases.
- **Hospitality:** For greater understanding between patients and healthcare personnel, the warmth and hospitality of hospitals is a big factor in choosing Maharashtra as a healthcare destination.

ADVANCED SURGICAL CARE

Our Advanced Surgical Program is dedicated to improving the surgical outcome, by helping patients recover from surgery more quickly and by ameliorating the patient's experience before, during and after surgery, while also reducing the hospital stay.

Our surgeons are board certified in surgery and trained in Surgical Urology, Oncology, Orthopedics & General Surgery. They remain dedicated to providing surgical care to patients of all ages. Our dedicated & multidisciplinary team of surgeons, anesthesiologists, nutritionists, nurses & other clinicians work collaboratively to deliver the best in surgical care all under one roof. Our Advanced Surgical Program is dedicated to improving the surgical outcome, by helping patients recover from surgery more quickly and by ameliorating the patient's experience before, during and after surgery, while also reducing the hospital stay.

What Our Patients Say About Us...!

Mr. Drishtant Hazarika

Wonderful experience with Lakecity Hospital, my mother had a kidney stone operation there recently and the whole experience was very nice and satisfactory. The whole staff of the hospital is very helpful and caring towards the patients and their families. A very special appreciation and gratitude towards Dr. Nandan Pujari for treating and healing my mom and making her well than before. You could really tell you're in good hands if he's your doctor, would definitely recommend him and the very institution the 'Lakecity Hospital'.

RK Changkakoti, Guwahati

I am personally very satisfied with the care I received for my mother's breast cancer. Not only did she recover well because of the early & accurate diagnosis and treatment but she continues to do better till date.

M. Borah

I am a 27 year old woman from Guwahati. I recently underwent a kidney stone surgery (left URS with minipere PCNL, DJ stenting). I had suffered for a few months and was being treated by a leading urologist with medicines here in Guwahati, who finally said that my left kidney was inoperable, and I had to continue with the medication prescribed. My health was deteriorating with constant fatigue, nausea and lack of appetite as I found it difficult to perform even daily routine activities. It was then that I decided to seek consultation with Dr. Nandan Pujari, Lakecity Hospital, Mumbai. Within a day of reaching Mumbai I was operated (30/5/23) and was discharged on the 1st of June itself. I would like to express my greeting and congratulations to the great Lakecity Multispeciality Hospital, Thane for their distinct and unique medical care & I am very grateful to Dr. Nandan Pujari and his full medical team who processed my surgery very successfully with constant caring & support. Special and heartfelt thanks to Dr. Varsha Dutta Pujari for constant support and care and the staff for their warm hospitality and for making me feel at home.

What Our Patients Say About Us...!

T. Zaman, Guwahati

We are very thankful to Dr. Nandan Pujari for the cystectomy surgery I had undergone at Lakecity Hospital a few months ago. I was diagnosed with bladder cancer for which I had to undergo this procedure and I am Feeling fine and continue with my daily routine as usual. I am constant with my regular follow-ups and continue to follow the diet and medications as advised by the medical team at lakecity hospital.
